Mysterious as the cosmo, the pattern mixes hot pink and charcoal in a contemporary geometric design. Use dark decoration to bring out the deep tones; add pink to bring back warmth. The ever-changing pattern makes this textile a universal winner.

Vibrant colors in an abstract pattern resemble the radar in a gathering storm, but the gold accents add a sunny aura. Light plays in varying intensity on the brilliant pink and rich purple background. Exotic floral and feathers exude luxury.

ORCHID PASCAL

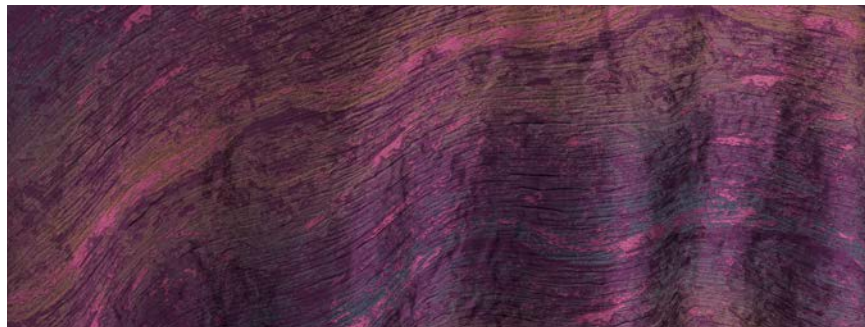

Intricate lines of orchid purple layered on deep violet are dramatic. Inspired by the moth orchid, the bloom is the natural choice for embellishment. The lines of the Silver Frost charger and modern vases play superbly with the complex pattern.
